Well done Volta!

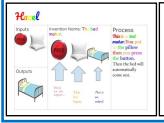

Computing

In Year 3, we have begun to understand the concepts of input, process, and output and how these concepts are fundamental to all digital devic-

es. The children then used their understanding of inputs and outputs to invent their own digital device. We considered how our inventions would work. We discussed what inputs they would need. For example, it could have a button or a screen. We explained the invention's processes.

Birthday Sweets

Please note, small packs of sweets are allowed in school to be given out for celebrations, but no cakes please.

Wellbeing Café

The next Wellbeing Cafe is on Thursday 23rd March from 2:30-3pm.

Ms Squires would like to invite the parents of Foundation Stage children to discuss and share ideas on encouraging independence. Spaces will be limited and available to book early next week.

Pupil Achievement

Sophia from Murrey class had the best weekend!

Sophia's football team went to St George's Park, for the FIRST ever girls tournament to be held there. MK City Jaspers are an U10s team, but they played in the U11s.

They came 2nd in the Bowl cup and 6th overall out of 13 teams! Some of the girls were nearly 2 years older. They were amazing. The girls stayed in the hotel and rooms where the Lionesses stay. They trained on their pitches, they ate in their restaurant and used all the facilities. They had an external coaching session

Sophia came away with a medal for coming second.

Fantastic achievement.

Year 5

The children have been writing their own play scripts in English, and this week they performed their scene in front of their peers. They did a brilliant job following stage direc-

tion, and delivered their lines with great expression, clarity and confidence.

We definitely have some budding actors in Year 5!

Tag rugby

On Monday, a team of 3 girls and 6 boys represented Caroline Haslett at Bletchley Rugby Club to play tag Rugby in a school tournament.

Our school played against 2 other schools, Two Mile Ash and Oak Grove. Although it wasn't mandatory that we did, our school won every game that we played. So,

you could say that we won.

Before long, we had played several games and had scored many tries. It was quite hard since the teams were very good. Everyone, especially Miss Hilton and Mr Rutherford were very pleased with the outcome.

During one of the games, we came across a very excited and enthusiastic child who was a little confused with the non-contact rule, but Caroline Haslett stayed calm and didn't react in the wrong way. We represented the school very well. We respected each school that we played.

Learning Behaviours

At Caroline Haslett Primary School, we have 8 characters that help us remember the skills of an effective learner in all of our lessons. The character for next week will be Kevin the Keep Learning Kangroo. Encourage your child to practise the skills listed below and be like Kevin.

I keep reviewing my work.

I try to be better than the last time.

I don't compare myself to others, only myself.

Easter Bingo Friday 24th March
