Pupil Achievement

Keshav from Mayer class visited Scarborough over half term, and with a group of 16, set off on bikes for the day on the Sunday. The group cycled to Ravenscar, had some lunch (18 miles). 11 of them then headed back to the hotel.

Keshav, his mum and 3 other friends (the hard-core team!) continued cycling onto Robin Hoods Bay, and did 32 miles!

Keshav was the only child and youngest in our group to do this with the adults. The route back from Robin Hoods Bay was all uphill too!

Well done Keshav!

Numbots winners for
this week were Upton
class.

Well done Upton!

Learning Behaviours

At Caroline Haslett Primary School, we have 8 characters that help us remember the skills of an effective learner in all of our lessons.

Next week's character will be Catrina the Curious Cat. Encourage your child to practise the skills listed below and be like Catrina.

I ask questions and research topics.
I notice things and ask "what if...?"
I look for patterns and connections.
I think of possible reasons.

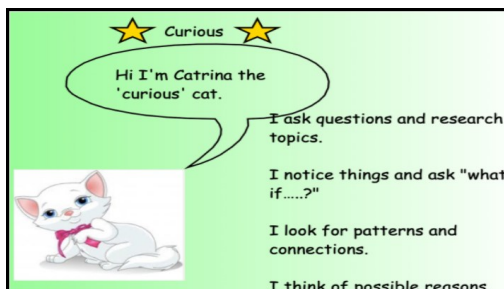

Digital Leaders

Some of our Digital Leaders have entered the Bedford Branch Cyber Challenge.

Since 2013, the BCS Bedford Branch has been running a competition to cultivate young computing leaders. The children have created some online safety resources.

Here is a project from Ira: <http://bit.ly/onlineira>
and a project from Misia, Libby, Mysha and Hikma <https://bit.ly/onlineegp6>

Year 5

In year 5, children took on the role of wildlife presenters!

As part of our science topic, children wrote scripts describing the similarities and differences between a range of life cycles. In groups, they presented their wildlife episode to the rest of the class.

The results were both informative and very entertaining - there are some budding performers in Year 5!

Pupil Achievement

Ziyyon and George from Volta class played their first ever tournament with their U8 football team MK City Falcons last weekend.

Their team went on to win the Fair Play trophy. Out of 12 teams, the team were crowned the winners for being courteous on the field, playing fairly and helping players up when they were down. They were also the only team to shake hands with each ref after the each match fixture. To top it off, each team member said, "Thank you," when receiving their tournament medals.

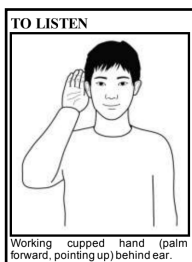

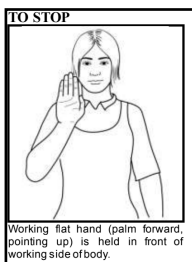

Well done Ziyyon and George!

Shenley Church Visit

On Wednesday and Thursday this week, children from Upton and Murrey class visited St Mary's in Shenley Church End for a fun afternoon singing in the wonderful acoustics of the church.

This is its 800th celebration year. They heard a short demonstration of the organ and grand piano, and sang rounds and songs together. The sessions were led by Jonathan Harris who is the musical director at St Mary's and one of the UK's leading primary music experts.

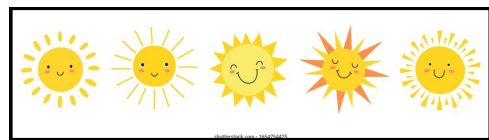

As always, our children behaved beautifully and were complimented on their superb singing!

STEM Roadshow

On Tuesday, for our first day back after half term, we were lucky enough to be visited by three STEM experts from the RAF who conducted a fantastic assembly.

The children learnt many amazing facts linked with STEM and how it can relate to outer space and under the sea. Not only this, the children were able to see first hand the type of jobs that STEM can eventually lead to. The action-packed roadshow was enjoyed by all!
