Caroline Haslett Primary School Anti-Radicalisation Policy Statement

Caroline Haslett Primary School is fully committed to safeguarding and promoting the welfare of all its pupils. As a school, we recognise that safeguarding against radicalisation is no different from safeguarding against any other vulnerability. At Caroline Haslett Primary School, all staff are expected to uphold and promote the fundamental principles of British values, including democracy, the rule of law, individual liberty and mutual respect, and tolerance of those with different faiths and beliefs.

Aims and principles

The main aims of this policy statement are to ensure that staff are fully engaged in being vigilant about radicalisation; that they overcome professional disbelief that such issues will not happen here and ensure that we work alongside other professional bodies and agencies to ensure that our pupils are safe from harm.

The principle objectives:

- Through Prevent training, all teachers, teaching assistants, non-teaching staff and governors will have an understanding of what radicalisation and extremism are and why we need to be vigilant in school.
- All teachers, teaching assistants, non-teaching staff and governors will know what the school policy is on anti-radicalisation and extremism and will follow the policy when issues arise.
- All parents and pupils will know that the school has policies in place to keep pupils safe from harm and that the school regularly reviews its systems to ensure they are appropriate and effective.
- All teachers, teaching assistants, non-teaching staff and governors will know what to do and where to go if they are concerned that a child may be at risk of radicalisation.

Definitions and indicators

Radicalisation is defined as the act or process of making a person more radical, or favouring of extreme or fundamental changes in political, economic or social conditions, institutions or habits of the mind.

Extremism is defined as the holding of extreme political or religious views.

Procedures for referrals

Although serious incidents involving radicalisation have not occurred at Caroline Haslett Primary School to date, it is important for us to be constantly vigilant and remain fully informed about the issues which affect the region in which we teach. Staff are reminded to suspend any professional disbelief that instances of radicalisation 'could not happen here,' and to refer any concerns through the appropriate channels:

- The Designated Safeguarding Lead
- A member of the Safeguarding Team
- Completing a Prevent National Referral Form

and emailing to preventreferralsmiltonkeynes@thamesvalley.police.uk

- Submit a referral to the MASH [Multi Agency Safeguarding Hub] using the Online Multi Agency Referral Form [MARF]. Include a copy of the completed National Referral Form when submitting the MARF.

For general Prevent enquiries, or for advice on completing the National Referral Form, contact the local Thames Valley Prevent Team, or the Prevent Gateway Team, by email PreventGateway@thamesvalley.police.uk or call 01865 555618.

The role of the curriculum

Our curriculum promotes respect, tolerance and diversity. Children are encouraged to share their views and recognise that they are entitled to have their own different beliefs which should not be used to influence others.

Our PSHE (Personal, Social and Health Education), Citizenship and SMSC (Spiritual, Moral, Social and Cultural) provision is embedded across the curriculum, and underpins the ethos of the school.

It is recognised that children with low aspirations are more vulnerable to radicalisation and therefore we strive to equip our pupils with confidence, self-belief, respect and tolerance as well as setting high standards and expectations for themselves.

Children are regularly taught about how to stay safe when using the internet and are encouraged to recognise that people are not always who they say they are online. They are taught to seek adult help if they are upset or concerned about anything they read or see on the internet.

Staff training

Through Prevent training, we will ensure that our staff and governors are fully aware of the threats, risks and vulnerabilities that are linked to radicalisation; are aware of the process of radicalisation and how this might be identified early on. All staff receive Prevent training as part of the induction process and receive reminders and updates through safeguarding bulletins.

Policy review

The Anti-Radicalisation Policy Statement will be reviewed annually as part of the overall Child Protection and Safeguarding policy review.
