STEM Event

Children in Year 4 and 5 recently had the exciting opportunity to participate in an EKO STEM workshop, an initiative designed to ignite curiosity and enthusiasm for the world of Science, Technology, Engineering, and Mathematics (STEM). Led by STEM Ambassador Nic Hughes and fully funded by the Ministry of Defence, this event aimed to inspire a more diverse range of young people to consider future careers within the UK's thriving STEM industries.

Throughout the sessions, students took part in hands-on, collaborative problem-solving activities. These activities encouraged teamwork, critical thinking and creativity, helping students to develop essential skills while having fun exploring real-world STEM applications.

To celebrate the students' participation and contributions, 'EKO'-branded prizes were awarded. Special emphasis was placed on rewarding strong engagement, collaboration, and innovative thinking. The children had a glimpse into the exciting possibilities that STEM careers can offer.

Pupil Achievement

Ainaakshi from Murrey class has received her green belt in her Martial Arts Group (speciality in kickboxing).

Well done Ainnakshi!

Pupil Achievement

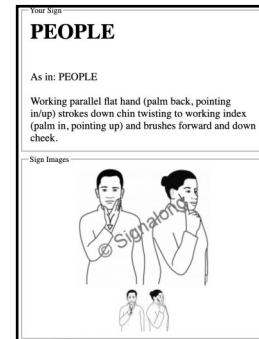

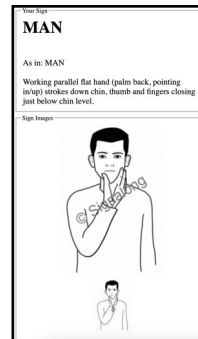

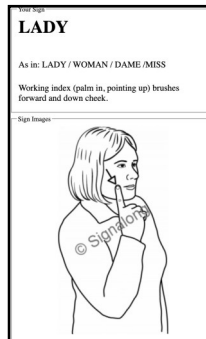

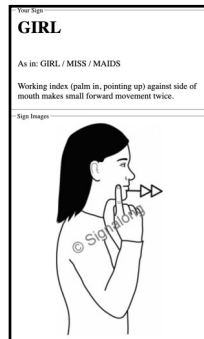

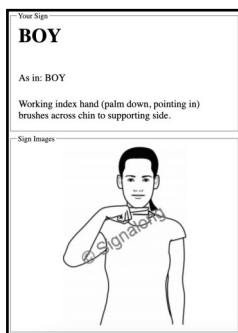

Abigail from Rutherford met the Mayor of Milton Keynes at the DOTS Chiropractic new business opening on Saturday.

Abigail got to be the Mayor of Milton Keynes for 2 minutes and was so proud to meet Mayor Marie Bradburn and wants to be a mayor one day.

Indoor Athletics

This week, we took a team of year 5 and 6 children to compete in the Milton Keynes Indoor Athletics Event. There were a total of 13 different schools and each had brought their best athletes. The children had to compete in 4 different events. All of the team put their very best into everything event and they walked away proud of their achievements.

Well done to them all; they represented the school brilliantly.

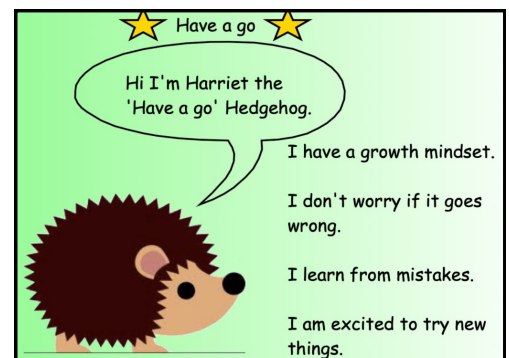

Learning Behaviours

At Caroline Haslett Primary School, we have 8 characters that help us remember the skills of an effective learner in all of our lessons.

The character for next week will be Harriet the Have a Go Hedgehog. Encourage your child to practise the skills listed below and be like Harriet.

I have a growth mindset.
I don't worry if it goes wrong.
I learn from my mistakes.
I am excited to try new things.

**Red Nose Day
Do Something
Different**

The children had a great morning doing lots of different activities around the school and we managed to raise lots of money! Thank you all for your contributions!

Artwork on the Fridge

Another sunny week at Caroline Haslett and more artwork has been flooding in. It's been great to see some of the younger members of the school getting involved too! Keep it coming CHPS!

Amelia (Edison class) has really enjoyed her unit about Joan Miro and took her inspiration home. She really enjoyed creating lots of unique shapes.

Amelia said it was fun to create this piece of artwork, and now it's displayed proudly on Miss Frankish's Fridge!

Well done!

Lacy (Crowther class) has created something that has never been seen on the fridge before. Lacy said her dad cut her a piece of circular wood and she was struck with a lightning bolt of inspiration.

Lacy has enjoyed using oil pastels at school which has driven her to create this lovely beach scene at sunset.

Well done, Lacy!
